Greetings Door County Well Owners:

UW Oshkosh is offering a make-up sample date for those of you who experienced power outages during the original drop-off dates, or perhaps you had something else come up and were unable to sample. **The make-up sample date is Saturday, April 27th from 8am-10am.**

Note - the drop off locations have changed. We will not be hosting a drop-off site at the Brussels or Jacksonport locations for this make-up date.

The drop-off locations are as follows:

-Sturgeon Bay - ADRC: [916 N 14th Ave, Sturgeon Bay, WI 54235](#)

-Sister Bay - Northern Door Co Highway Shop: [10363 WI-57 Sister Bay, WI 54234](#)

-Washington Island - WICHP: 1763 Town Line Rd, Washington, WI 54246

If April 27th does not work for you, there are other options. Please see below:

1. Collect your sample at your convenience and drop off in Oshkosh at the ERIC Lab located at [783 Pearl Ave, Oshkosh WI 54901](#). Samples must be dropped off Monday-Thursday's between 8am-4pm.
2. Collect your sample at your convenience between May 28th and August 22nd and drop off at our satellite laboratory located at Crossroads at Big Creek, [2041 Michigan St, Sturgeon Bay, WI 54235](#). Samples must be dropped off Monday-Thursday's between 12pm-3pm.
3. Ship your sample to the UWO ERIC Lab located at [783 Pearl Ave, Oshkosh WI 54901](#). Make sure you ship the sample early in the week to ensure it arrives at the lab no later than a Thursday. Ship your samples on ice (enclosed in a sealed bag) or ice packs inside of an insulated shipper.

Please let us know if you have any questions.

Thank you,
Carmen
